By signing this form

(school) confirms that it agrees:

the learner has received appropriate support to determine this is the right programme for them

the learner's timetable has been structured to accommodate this programme

this enrolment with Ara will mean a dual enrolment at both Ara and respective secondary school, as set out by the Ministry of Education.

Principal endorsement – Using a Shared EFT Model

- Each secondary school with learners that will “be absent from school during school hours as part of a dual enrolment programme” are required to sign this document which approves the learner’s programme of study/training and acknowledges the school will seek reduced funding for the learner from the Ministry of Education.
- This funding cannot be used for learners under 16 years of age.

International students

International learners who are studying at secondary school as a ‘domestic’ learner can utilise STP funding (*please check visa conditions*).

International fee-paying learners cannot utilise STP funding but can undertake STP study if the school funds the learner from their international fee. Providers must not allocate places to an international learner if doing so would exclude an eligible domestic student.
